Re: Proposed annexation to the  
City of Long Beach

Dear Miss Heartwell:

At the meeting held on May 29, 1957, the County Boundary Commission reviewed the boundary description and map submitted, with Walhfred Jacobson's letter of May 13, 1957, of the proposed annexation to the City of Long Beach.

The boundaries were adjusted to eliminate a small overlap with the City of Lakewood, and they now conform with existing city boundaries. Although the boundaries do not create islands or corridors of unincorporated territory, slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code. Said revisions were in the wording of the boundary description.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description is enclosed for your use.

Very truly yours,

Dear Miss Moore:

The Los Angeles County Assessor's office has informed us that they will not process your Resolutions Nos. C-21107, C-21108, C-21109 and C-21112 for the 1972-73 local tax roll. These resolutions withdraw areas previously annexed to the City of Long Beach from various lighting and lighting maintenance districts.

It is our understanding that the contract modifications required by Sections 5847 and 19234 of the Streets and Highways code that would result from the adoption of these resolutions were not made on or before January 1, 1972. All of these resolutions were adopted too late to allow for timely modification of the contracts.

In order to maintain conformity between the local roll and the Board roll, we, too will have to defer processing these resolutions until the 1973-74 Board roll. As yet, we have not received the usual notice from the Los Angeles County Engineer that the contracts have been modified, giving us the effective dates of the resolutions.

Sincerely yours,
